

Monthon THANUTTAMAVONG

Deputy Diector, Office of Computer Services (2018-Present)

Academic Position: Assistant Professor

Education: Ph.D.(Urban Engineering), The University of Tokyo, JAPAN

M.Eng. (Urban Engineering), The University of Tokyo, JAPAN

B.Eng. (Environment Engineering), Kasetsart University

Fields of Expertise / Research Interests: Water Treatment Engineering and Innovation, Membrane Filtration, Energy Conservation and Harvesting

Email: fengmtt@ku.ac.th

Honor Awards:

Innovation Award - Kasetsart University, Winner award, Portable water purification - Electricity, 2016

Innovation Award - Kasetsart University, Honorable Mention Award of Professor and Researcher (Branch: Engineering and Architecture) , 2009

Journals:

Fouling and cleaning of reverse osmosis membrane applied to membrane bioreactor effluent treating textile wastewater, Environmental Engineering Research, 2016

Kinetic development and evaluation of membrane sequencing batch reactor (MSBR) with mixed cultures photosynthetic bacteria for dairy wastewater treatment, JOURNAL OF ENVIRONMENTAL MANAGEMENT, 2010

Administrative Profile:

March, 2018 - Present: Deputy Director, Office of Computer Services, KU

August, 2015 - February, 2016: Assistant President, Academic, KU

March, 2015 - August, 2015: Assistant President, KU

September, 2014 - September, 2016: Deputy Dean, Administrative, Faculty of Engineering, KU

September, 2010 - September, 2014: Deputy Dean, Academic, Faculty of Engineering, KU

January, 2008 - September, 2008: Deputy Dean, Administrative, Faculty of Engineering, KU
